### For Our Own Safety By Gail Barnett'

Everyone should take 5 minutes to read this. It may save your life or a loved one's life. In daylight hours, refresh your-self of these things to do in an emergency situation... This is for you, and for you to share with your wife, your children, & everyone you know.

1. **The elbow is the strongest point** on your body - use it!
2. If a robber asks for your wallet and/or purse, **DO NOT HAND IT TO HIM.** Toss it away from you....
3. If you are ever thrown into the trunk of a car, kick out the back tail lights and stick your arm out the hole And start waving like crazy.
4. **A few notes about getting into your car in a parking lot, or parking garage:** Be aware: look around you, look into your car, at the passenger side floor, and in the back seat.
5. **Always take the elevator instead of the stairs.**
